## DONATION INFORMATION

### 1. OPTIONAL - GRADE SPECIFIC SUPPLY LISTS

Every backpack given is filled with brand new school supplies so students will feel confident and empowered to start a new year. Donors can be intentional in giving with the option of donating grade-specific supplies so students will be well equipped for their grade level.

We have compiled grade lists to make shopping easier! There are five grade-specific lists. Choose a grade level, click on the link, print the flyer, and have fun shopping!

If you choose this option, we ask that you label the backpack with the appropriate grade & note any missing supplies when you deliver it.
